RHODES ISLAND 12 MONTH CYCLING DESTINATION

Are you looking for unique and personalized cycling tours?

Our passionate and dedicated crew organize guided bike tours around Rhodes Island and even more. Our services include either individual, or small group, or family tours. All levels of biking experience can be accommodated: mountain biking tours, extreme off-road, free ride, road racing. We will also cater for "in training" targeting to achieve specific goals, with individual training programmes.

With more than 20 years experience, RodosCycling was founded in 1993 in Ialisos City (Rhodes Island - Greece), initially as a bicycle rental shop, and then as a cycle activities organization, by well known top Greek cyclist and Official Cycling Trainer, Zois Drivas.

Throughout the years, the popularity of cycling as a leisure sports activity has been increasing. And we have developed along, being motivated to improve our services and capacities, "becoming the first choice in cycling in Rhodes".

Join us and share for an incredible biking experience!!!
